

Announcement and Call for Participation: Spring School 2019

Tokushima University, Japan

March 12-22, 2019

We are very pleased to announce the summer school to be held at **Graduate School of Advanced Technology and Science, Tokushima University** from **March 12-22, 2019**. The aim of spring school is to educate the graduate students with deep knowledge on Smart materials and Artificial intelligence. The Spring school program will include lectures, discussions, and laboratory sessions delivered by leading researchers in the field of Smart materials and Artificial intelligence. It also covers two field trips (Kansai area and Tokushima Area).

Who should apply?

Applications are invited from the engineering graduate students from all our partner universities.

Accommodation: In private apartment, one room can be shared by two students. The charges for each student will be 2000 yen per day per student. The room can be share by the student from different country. We will book your accommodation but student need to pay the accommodation charges. Those student who want to stay alone , they can book their accommodation themselves in hotel.

Financial support: We will provide financial support to only ONE student from each partner university. The amount of scholarship will be 80,000 yen, while the decision depend on the latest academic record. Grade Point Average of 2.3 (on a 3.0 scale) or higher will be eligible for the scholarship. The selection of scholarship is based on the excellent academic records and evaluation will be made by JASSO.

Student who want to apply for the scholarship must submit the academic records before January 25, 2019.

Registration fee : 10,000 Yen (includes two field trips)

How to apply?

The application form can be downloaded and view online at <http://www.cicee.tokushima-u.ac.jp>

Applicants should submit:

1. A completed application form (found on our website).
2. Letter of Motivation includes few lines about your research and the progress your have made in research (200 words).

Students who wish to apply for the spring school should fill a soft copy of the application form and sent to ss.cicee@ml.tokushima-u.ac.jp .

The completed application should be sent to us as soon as possible and must be received by the closing date of **January 29th, 2019**.
