

Spring School 2024

Feb 26- March 6, 2024, Tokushima University

Place: Alumni Memorial Hall, Josanjima Campus

February 26 (Monday)	16:00 18:00	Registration		
February 27 (Tuesday)	10:30 10:45	Opening Ceremony	Opening Speech Prof. Mikito Yasuzawa (Director, CIREC, Tokushima University Japan)	
	10:45 12:00	Introduction & Campus tour	Dr. Pankaj Koinkar (Tokushima University, Japan)	Introduction of Spring School Program
	13:00 14:30	Lecture 1	Dr. Hiroshi Sakata (Tokushima University, Japan)	Japanese Language for Beginners
	14:40 16:10	Lecture 2	Dr. Naoya Kuse (Tokushima University, Japan)	Introduction of optical frequency combs
February 28 (Wednesday)	10:30 12:00	Lecture 3	Dr. Stephen Karungaru (Tokushima University, Japan)	An overview of Artificial Intelligence
	13:00 14:30	Lecture 4	Dr. Yasuhide Ohno (Tokushima University, Japan)	Epitaxial graphene based biosensors
	14:40 16:10	Lecture 5	Prof. Akihiro Furube (Tokushima University, Japan)	Plasmon-induced interfacial electron transfer dynamics in metal/semiconductor nanosystems
February 29 (Thursday)	9:00 16:30	Field trip	Sightseeing around Tokushima	
March 1 (Friday)	10:30 12:00	Lecture 6	Dr. Momoyo Ito (Tokushima University, Japan)	How are Autonomous Driving Systems in Japan and Your Country?"
	13:00 14:30	Group Discussion I :	<ul style="list-style-type: none">- Future of Artificial Intelligence- Global Effect of Climate Change- Renewable Energy- Global Food Crises- Current Environmental Problems	
	14:40 16:10	Group Discussion II :		
March 3 (Sunday)	13:00 15:00	Japanese Drum performance (International Center, Tokushima University)		
March 4 (Monday)	Participation in International Symposium on Science and Engineering Education			
	10:30 11:00	Lecture 7	Dr. Meng-Lin Tsai (NTUST, Taiwan)	Introduction to the Graduate Studies in MSE, NTUST
	11:00 11:30	Lecture 8	Prof. Tamotsu Tanaka (Tokushima University, Japan)	Acceptance of foreign students and international research activity in Tanaka's laboratory
	11:30 12:00	Lecture 9	Dr. Pankaj Koinkar (Tokushima University, Japan)	Getting your higher education abroad: how to do it
	13:00 15:00	Poster Presentation by Double Degree students		
March 5 (Tuesday)	10:30 12:00	Lecture 10	Dr. Meng-Lin Tsai (NTUST, Taiwan)	Nanoscale Designs and Nanomaterials for Display and Semiconductor Applications
	13:00 16:00	Laboratory Internships : Prof. Kenji Yamamoto, Masatusgu Oishi, Antonio Nakagaito		
March 6 (Wednesday)	10:30 12:00	Group Presentations		
	13:00 14:00	Closing Ceremony Prof. Yasunori Muto (Dean of Science and Technology, Tokushima University Japan)
