

Summer School 2024

First Week		
July 22 (Monday)	13:00 16:00	Registration
July 23 (Tuesday)	10:00 10:15	Opening Ceremony - Opening Speech: Prof. Yasunori Muto (Dean of Science and Technology) - Opening Remark: Prof. Kazuhiko Kinoshita (Director, CIREC) - Group Photo
	10:25 11:55	Orientation (Program and Information): Dr.Pankaj Koinkar
	12:50 14:20	Campus Tour
July 24 (Wednesday)	08:40 10:10	Lecture 1: Dr. Masashi Yasumoto (Tokushima University, Japan) Introduction to differential and discrete geometry in science and technology
	10:25 11:55	Lecture 2: Prof. Hiroyuki Mitsuhara (Tokushima University, Japan) Extended Reality (XR) technology
	12:50 14:20	Lecture 3: Dr. Tran Hoang Nam (Tokushima University, Japan) Japanese Local Culture
July 25 (Thursday)	08:40 10:10	Lecture 4: Dr. Munehiro Inukai (Tokushima University, Japan) Solid-state NMR and its applications
	10:25 11:55	Lecture 5: Dr. Hitoshi Mizuguchi (Tokushima University, Japan) Analysis of airborne microplastics by pyrolysis-gas chromatography-mass spectroscopy
	12:50 14:20	Lecture 6: Dr. Narutoshi Nakata (Tokushima University, Japan) Earthquake Disaster Mitigation and Seismic Technology in Japan
July 26 (Friday)	08:40 10:10	Lecture 7: Prof. Takashi Yasuno (Tokushima University, Japan) Intelligent Systems and Control
	10:25 11:55	Group Discussion I Choose the topic for the presentation and make the outline
	12:50 14:20	Group Discussion II Preparation for the Group presentation
July 27-28 (Saturday and Sun)	Free Time	
Second Week		
July 29 (Monday)	08:40 10:10	Lecture 8: Dr. Kenzo Yamaguchi (Tokushima University, Japan) Spatial Control of Light
	10:25 11:55	Lecture 9: Dr. Rungsima Yeetsorn (King Mongkut’s Uni. North Bangkok, Thailand) Advanced Materials for Energy Applications
	12:50 14:20	Lecture 10: Prof. Atsushi Tabata (Tokushima University, Japan) Invitation to the field of bacterial biofunctional materials
July 30 (Tuesday)	08:00 17:30	Field trip: I Himeji Castle and Spring 8
July 31 (Wednesday)	8:40 10:10	Lecture 11: Dr. Yukiko Fujiwara (Tokushima University, Japan) Japanese Language and Communication I
	10:25 11:55	Lecture 12: Dr. Yukiko Fujiwara (Tokushima University, Japan) Japanese Language and Communication II
	12:50 14:20	Group Presentation Preparation for the Group presentation
August 1 (Thursday)	8:40 10:10	Lecture 13 : Prof. Ri-ichi Murakami (Chengdu University, China) Fractography and Fracture of Materials

	10:25	Student Presentations I Presentation on Culture, History, Research and Education
	11:55	
	12:50	Student Presentations II Presentation on Culture, History, Research and Education
	14:20	
August 2 (Friday)	12:50	Laboratory Visit I Dr. Munehiro Inukai Laboratory Japanese calligraphy experience Joint Social Gathering party
	13:50	
	14:00	
	16:00	
August 3 (Saturday)	17:30	Japanese Drum and Kimono Performance Awa Odori performance and Bizan Ropeway
	20:00	
	8:00	
	12:00	
August 4 (Sunday)	14:00	Free Time
	17:00	
Third Week		
August 5 (Monday)	9:30	Field trip II : Otsuka Pharmaceutical Company, and Indigo Dying
	17:00	
August 6 (Tuesday)	10:00	Field trip III: Visit to Prefectural office, Prefectural Assembly, and Police station Laboratory visit II Prof. Takaaki Yano (Introduction of pLED center), Prof. Takashi Yasuno Laboratory Dr. Antonio Nakagaito, Dr. Stephen Karungaru Laboratory
	12:00	
	13:30	
	15:30	
August 7 (Wednesday)	08:40	Student Feedback Closing Ceremony
	10:10	
	10:25 11:55
